Tax filing with peace of mind

Kronos gives you the peace of mind of knowing your payroll taxes are calculated, filed, and paid accurately — on time, every time.

Seamlessly integrated with Kronos Workforce Ready Payroll, the Kronos tax solution uses quarterly updates from more than 13,000 federal, state, and local codes to manage your compliance across multiple tax types and multiple jurisdictions, even as their rules change over time.

Kronos guards against computation and filing errors by taking into account requirements regarding multi-state taxing and reciprocity, taxation wage accumulation, and withholding. In addition, the Kronos solution:

- Makes deposits against all tax liabilities via electronic fund transfers or checks
- Files all monthly, quarterly, and annual tax returns via paper, e-file, or magnetic media
- Balances quarter-to-date and year-to-date deposits against liabilities to ensure payments are accurate
- Provides tax return reports prior to due date for your review
- Delivers reconciliation summaries and copies of all filed returns
- Generates and files all amended returns
- Delivers multi-worksites reporting to appropriate states to assist you in reporting employees who work in multiple locations

Streamlining garnishment

If your organization is required to process third-party payments such as child support, tax levies, and creditor garnishments, then you know how time-consuming and costly this task can be. But Kronos Tax and Payment Solutions streamline the process so you save time and money while complying consistently with different garnishment rules and processes. The Kronos solutions utilize the information entered and calculated in Kronos Workforce Ready Payroll and automatically make payments based on the amounts being withheld, so each payment reaches its destination on time.

Saving time and reducing costs in printing and distribution

Kronos knows you need your entire payroll process to run smoothly and error-free, even at distribution, a stage that is often overlooked — and often costly. In conjunction with Kronos Workforce Ready Payroll, Kronos Tax and Payment Solutions let your organization eliminate the labor-intensive work of printing and distributing checks, direct deposit vouchers, and year-end tax forms such as W-2s and 1099s. Paycards give you an additional option for offloading this task while increasing payment security.

At Kronos, we've got a point of view: When it comes to workforce management, your organization shouldn't have to trade functionality for simplicity. With Kronos Tax and Payment Solutions, you don't have to.
